1002/1	Derek Reeves	Whole Variation	No	Support for development of film industry cluster at Kelly Park because of its position to support an integrated film village. This venture will add and create advantages for the film industry in a global level.
1003/1	Mark Colborn	12.8.28.1.1.4	Yes	This issue states " Concentrating film activity in a purpose built zone offers for a win-win for film industry, community and the environment ". Ch7 of the Proposed DP (Item 7.3.4) states: " To maintain and protect the amenity values present in rural parts of the District ". Wide range of activities detailed in activity table (rule 12.8.28.2.2) are contrary to the objective of the Proposed DP and statement in Issue 12.8.28.1.1.4.
1003/2	Mark Colborn	12.8.28.2.2	Yes	Strict hours of operation are imposed upon activities detailed in the Activity Tables (with possible exception of actual filming), in line with other nearby business activities. Any unspecified activities should be classified as discretionary (rather than permitted).
1004/1	Mark Coborn	12.8.28.3.19	Yes	Proposal does not appear to maintain rural character of area. Proposal for subdivision is considerably less onerous than is accepted by RDC as maintaining rural environment, namely covenants given to 2 ha of wooded area or 500m2 of wetland for each subdivision (with a minimum area of 1 ha). Remove/reject issues relating to subdivisions from the proposal - this is not a film related activity .

1307/2	Auckland Regional Council	12.8.28.3.1.9	Yes	Provide definition or explanation of what is meant by "rationalisation of the existing site pattern"
1307/3	Auckland Regional Council	12.8.28.3.19.5	Yes	12.8.28.3.19.5 (19.7 to 19.11) but 12.8.28.3.19.6 - relating to Non-Complying activities refers to a Rule in that range. Sets of rules should be redrafted so as to avoid confusion.
1307/4	Auckland Regional Council	12.8.28.19.6	Yes	Considered appropriate that Non Complying activity status should apply to "any subdivision of premises used for film accom. and/or associated film accom. facilities in the Special 19 [or 28] Zone". It is considered that non-compliance with the rules relating to max. number of lots (12.8.28.3.19.9) should be amended to a Prohibited Activity status - exceeding the total of 38 lots within the zone should be prohibited.
1307/5	Auckland Regional Council	12.8.28.3.19.9	Yes	For clarity, word "created" should be removed as it may imply that there is provision for creation of additional 38 lots, on top of the number for which provision has previously been made. Rules should read something to the effect: "The maximum number of private lots within the zone shall not exceed the 38 lots for which provision has been made".

1307/6	Auckland Regional Council	12.8.28.3.1	Yes	12.8.28.3.1 Site Development Plans & 12.8.28.4.1.2(v) Assessment Criteria: Retain requirements for Site Development Plans and the assessment criteria relating to the clustering of buildings associated with accommodation, such that a widely dispersed pattern of development in this regard is avoided. 1307/7	Auckland Regional Council	12.8.28.4.1.2	Yes	Traffic: Add a policy or assessment criteria that seeks to minimise travel demand resulting from the film-related activities. Add a requirement that any Development Concept Plans for facilities with an associated potential for significant traffic generation must include an Integrated Transport Assessment.
1307/8	Auckland Regional Council	12.8.28.1.4	Yes	Amend parts which refer to access to new facilities being from Weranui Rd, so that they instead state access will be from Haruru Rd. Add a provision requiring any new facilities in proposed area of future development in the south-eastern corner of the Kelly Park site must not be visible from Weranui Rd or ONL 47. Amend Concept Plan to indicate that the area adjacent to Weranui Rd is not suitable for development.
1307/9	Auckland Regional Council	12.8.28.2.2	Yes	Remove provision for film education facilities as a permitted activity, or reduce number of students provided for and/or make sure other changes as are necessary to address the concerns.
