Landscape Proposals

01 Picnic Area
Picnic area developed with BBQ, picnic tables, seating and rubbish bins.

02 Boat Launching Area
Boat launching area upgraded with car and boat turn-around area.

03 Parking
Parallel parking for cars only and angle parking for cars with boat trailers.

04 Toilet / Storage Facilities
Location for new 'Ecoloo' style toilet. Building possibly later expanded to create user-group canoe/kayak storage facilities.

05 Existing Trees
Pine, Macrocarpa and Eucalypt tree removal prioritised according to public safety, age, health, visual amenity and whether or not they offer habitat for nesting coastal birds.

06 Riparian Planting
Continual planting to improve the botancial and habitiat values and stabilise erosion prone areas.

07 Path Network
Path network with 2m minimum width concrete footpaths and timber boardwalks over planted wetland areas. Network connects Dawson Landing, Te Whau Esplanade and Goodall Reserves.

08 Parking
Possible future carpark.

Key

- Existing Trees
- Proposed Trees
- Shrub Planting / Native Revegtation
- Footpath Network with Boardwalks and Seating

Drawing Status
Concept Design - Adopted December 2006
