- Yes I want the **\$40.00 + 5.00 GST = \$45.00** (per bale) pick up service
(This will have an arranged date & time)
- I will take the product to a local collection point for a cost of **\$22.50 GST** inclusive.(per bale)
(please do not take the silage wrap to the local drop off point without prior arrangement- please ring CBEC Eco Solutions if you have any questions)
- I would like to order an Agpac bin for my silage wrap storage
(\$530.00 + 66.25 GST = \$596.25) *(please arrange pickups with ECO Solutions)*
- Number of Liners - **\$15.00 + 1.88 GST = \$ 16.88** each *(Delivery costs may apply)*
- I will arrange for another method of storage (i.e. *not* Agpac bin)

You are responsible for advising us of any address changes.

I am applying for the AGWRAP service and in doing so will endeavour to do the following:

- Segregate different plastics carefully as only liners filled with baleage wrap, silage pit covers, plastic shrink wrap and pallet covers, will be accepted.
- Ensure the plastic is as clean as possible by placing the used wrap in the liner as soon as possible.
- Accept that if the bailed wrap has unacceptable levels of contamination the product will be land filled at my cost.
(Contamination refers to other farm products not grass and dirt)
- Tie each liner and attach ID tag (for collection personnel only)
